### VENGEANCE VOL.1

## FREAKZ ON BEATZ

Join the darkside: "Freakz On Beatz Vol.1" - its all in the name! This new sample collection from the house of Vengeance is aimed solely at the club music genres of Dub/Minimal House & Techno/Tech-House. Well known Techno producers of the first generation have come together for this gigantic Sample Pack: Pascal Feos, Gabriel Le Mar, Frank Leicher & D.Diggler aka Andreas Mugge have opened their well guarded sound archives and show in over 1500 samples the way to go in any club. "Freakz On Beatz" is the ultimate library for every producer of deep club music - whether you are a beginner or an expert! All sounds are clearly organized into categories and tempo (126 bpm) and are separated into Loops and Oneshots (approx 800 Oneshot Samples and 700 Loops). All Loops run 100% tight, are immediately applicable, leave plenty of room for your own customizing or editing and are first and foremost: "Minimal". Here it is booming, screeching and grooving in such a way that it is a true joy to hear - friends of cool music will find everything their heart desires! Of course all of the Oneshot and Loop Samples can be used incredibly effectively in more commercial House Styles such as Electro.

All samples have been exclusively produced for this library in universal WAV format and are thus compatible with all typical Mac and PC samplers.

Join the darkside: "Freakz On Beatz Vol.1" - der Name ist Programm! Dieses neue Sample Kollektion aus dem Hause Vengeance widmet sich ganz der Clubmusik aus den Bereichen Dub/Minimal House & Techno/Tech-House. Bekannte Techno Produzenten der allerersten Stunde haben sich für dieses gigantische Sample Pack zusammen getan und ihre Kompetenzen gebündelt: Pascal Feos, Gabriel Le Mar, Frank Leicher & D.Diggler aka Andreas Mugge öffnen hier ihre gut gehüteten Sound Archive und zeigen auf über 1500 Samples aus den Kategorien Loops, Drums, Vocals, Atmos und FX Sounds wo es im Club langgeht. "Freakz On Beatz" ist die ultimative Library für jeden Produzenten tanzbarer Clubmusik - ob Neueinsteiger oder Experte! Alle Sounds sind übersichtlich in Kategorien und Tempo strukturiert (126BPM) und teilen sich in Loops und Oneshots auf (ca 800 Oneshot Samples und 700 Loops). Alle Loops laufen 100% tight, sind sofort einsetzbar, lassen viel Raum für eigene Anpassungen & Änderungen und sind vor allem Eines: "Minimal". Hier rumpelt, knarzt und grooved es, dass es eine wahre Freude ist - Freunde der "cooleren" Musik kommen hier voll auf Ihre Kosten! Selbstverständlich lassen sich auch sämtliche Oneshot und Loop Samples hervorragend in kommerzielleren House Styles wie z.B. Electro.

Alle Samples sind exklusiv für diese Library im universellen WAV Format produziert und somit zu allen gängigen Samplern auf Mac&PC kompatibel.
